

List of Private LLM's

1. OpenAI

- **Llama** — Meta
- **Mistral / Mixtral** — Mistral AI
- **Qwen** — Alibaba
- **Gemma** — Google
- **DeepSeek** — DeepSeek
- **Phi** — Microsoft
- **Falcon** — Technology Innovation Institute
- **Command** — Cohere
- **OLMo** — AI2
- **Granite** — IBM
- **Nemotron** — NVIDIA
- **Yi** — 01.AI
- **InternLM** — InternLM
- **Baichuan** — Baichuan Intelligence
- **DBRX** — Databricks

2. Private LLM platforms / deployment tools

- **Ollama** — Run LLMs locally
- **vLLM** — High-performance LLM inference server
- **Hugging Face Transformers** — Model deployment and inference
- **Open WebUI** — Private web interface for local LLMs
- **LM Studio** — Run models locally with a GUI
- **llama.cpp** — Run quantized LLMs on CPUs/GPUs
- **NVIDIA NIM** — Enterprise self-hosted inference
- **Red Hat OpenShift AI** — Enterprise AI platform
- **IBM watsonx** — Enterprise/private AI platform
- **Azure AI Foundry** — Enterprise deployment options

3. Open Weight LLM's

Model family	Notable models	Best for	License*
Qwen	Qwen3.5, Qwen3.5-122B-A10B	General, coding, multilingual	Apache 2.0
DeepSeek	DeepSeek-V4, V3.2, R1	Reasoning, coding	MIT
GPT-OSS	gpt-oss-120B, gpt-oss-20B	General reasoning, agents	Apache 2.0
Mistral	Mistral Small 4, Medium	General, coding, Europe/self-hosting	Apache 2.0
Gemma	Gemma 4 31B, 26B-A4B, 12B	Small/local, multimodal	Apache 2.0
Llama	Llama 4 Scout, Maverick	General, huge context, ecosystem	Llama Community License
GLM	GLM-4.7-Flash, GLM-4.5-Air	Coding, reasoning	MIT

Model family	Notable models	Best for	License*
MiniMax	MiniMax M3	Reasoning/agents	Open weights
Kimi	Kimi K3	Frontier reasoning/coding	Open weights
Phi	Phi-4 variants	Small/local models	MIT

4. Context Window of different service providers

#	Model	Provider	Context window
1	Claude Opus 4	Anthropic	200K tokens
2	Claude Sonnet 4	Anthropic	200K tokens
3	Claude 3.7 Sonnet	Anthropic	200K tokens
4	Gemini 2.5 Pro	Google	1.05M tokens
5	Gemini 2.5 Flash	Google	1.05M tokens
6	Gemini 2.5 Flash-Lite	Google	1.05M tokens
7	Llama 4 Scout	Meta	1.05M tokens
8	Llama 4 Maverick	Meta	1.05M tokens

Write a 4-line poem where every line ends with a word that strictly rhymes with the word 'Silver'.

Silver Rhyme

Moonlight trembles softly on the river, silver
Stars awaken, shimmering forever, silver
Dreams drift quietly, light as a quiver, silver
Night holds every secret close—silver

Write a 4-line poem where every line ends with a word that strictly rhymes with the word 'Silver'.

A rare and noble quest to deliver,
Where tricky words can make poets shiver.
Yet words like chilver still roll from the quiver,
And slide as smooth as a winding river.

Write a 4-line poem where every line ends with a word that strictly rhymes with the word 'Silver'.

 Thinking completed 

The glass began to slowly sliver,
Revealing pools of bright quicksilver,
That caught the pale and lunar silver,
And shattered to a single sliver.
